

## About

Highly motivated Frontend Developer with 4+ years of experience in designing and developing scalable web applications using Angular. Proven track record of leading UI teams, implementing micro frontend architectures, and delivering high-quality solutions within tight deadlines. Passionate about leveraging cutting-edge technologies to drive innovation and efficiency. Recently relocated to Germany and eager to contribute to dynamic tech teams.

## Skills

**Frontend Development:** Angular (12+), TypeScript, JavaScript, HTML/CSS, Tailwind, Bootstrap, Angular Material, RxJS, NgRx, AG-Grid, PrimeNG, Ngx-echarts

**Backend Development:** Java, Spring Boot, REST APIs, Hibernate

**Database:** MySQL, Oracle

**Testing & Quality:** Jasmine, Karma, JUnit, SonarQube

**Tools & Version Control:** Git, GitHub, Bitbucket, Figma

**Languages:** English, German

## Experience

### Barclays Global Service Centre Pvt. Ltd

Mar 2023 - Nov 2024

Senior Developer – Full time

India

- Designed and developed an in-house reconciliation suite from scratch, including a matching engine and a portal for breaks analysis, improving operational efficiency by 30%.
- Led a team of UI developers, overseeing task delegation, code reviews, and onboarding new members, resulting in a 20% faster project delivery time.
- Collaborated with UX and backend teams to implement industry-leading designs and ensure an optimal user experience.
- Implement best coding practices, achieving a 95% code quality score on SonarQube.
- Proposed and implemented optimal solutions during design discussions, reducing development time by 15%.

### Barclays Global Service Centre Pvt. Ltd

Aug 2020 - Feb 2023

Junior Developer – Full time

India

- Developed dynamic dashboards and interactive forms for an AI/ML-based application, improving user engagement by 25%.
- Pioneered a micro frontend architecture, reducing application integration time by 40%.
- Developed a rule-based workflow process enabling users to seamlessly submit and approve requests.
- Implemented Single Sign-On (SSO) authentication, enhancing system security and user accessibility.
- Achieved 90% code coverage by implementing unit test cases to ensuring software stability.

### Voice Snap

May 2018 - Jun 2018

Application Developer – Intern

India

- Developed Server Management App from scratch to track servers present across different geographical locations.

## Education

### SSN College of Engineering (Anna University)

Jun 2016 - May 2020

Bachelors in Computer Science [Grade: First Class with Distinction]

India

- Key Modules:** Software Engineering, Programming and data structures, Artificial Intelligence, Data Science
- Final Project:** Prediction of water quality using Machine Learning and Deep Learning Algorithms

## Achievements

### Outstanding Performer at Barclays

- Recognized for leading a team of UI developers and delivering high-quality solutions, resulting in a 20% improvement in project delivery time.

### Merit Scholarship at SSN College of Engineering

- Awarded for ranking in the top 5% of the class for outstanding academic performance.

### Smart India Hackathon Finalist

- Qualified for the national finals by developing an innovative solution for centralized systems.
